DETAILED ACTION

Election/Restrictions

1. Claims 1-6 are directed to an allowable product. Pursuant to the procedures set forth in the Official Gazette notice dated March 26, 1996 (1184 O.G. 86), claim 7, directed to the process of making or using the patentable product, previously withdrawn from consideration as a result of a restriction requirement, is now subject to being rejoined. Claim 7 is hereby rejoined and fully examined for patentability under 37 CFR 1.104. In addition, claims 8-9, directed to the solid polymer fuel cell combination comprising the specific subcombination as recited in claims 5-6, are hereby rejoined and fully examined for patentability as the combination as claimed does set forth the details of the subcombination. As argued by the applicants, the specific subcombination constitutes the essential distinguishing feature of the solid polymer fuel cell combination as claimed.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in Paper No. 10/06/03 is hereby withdrawn.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: refer to the amendment filed 01/06/04.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
